

## Presentation COST FP0702 – Final Conference Grenoble 2012

1. [E. Gerretsen](#), "General Introduction to building acoustics and vibration, and specificity in lightweight construction"
2. [M. Villot](#), "This COST Action (who, how, what)"
3. [A. Koopman](#), "Regulations and beyond (link with COST Action TU0901 on harmonized descriptors)"
4. [B. Ingelaere](#), "Acoustic building guidelines, solutions and problems"
5. [L. Kouyoumji](#), "Acoustic building guidelines for facades"
6. [B. Zhang](#), "Comfort Assessment – Acoustics and Vibration"
7. [D. Bard](#), "Acoustic performance measurements"
8. [A. Homb](#), "Vibration measurements"
9. [C. Guigou](#), "Prediction method - Acoustics"
10. [S. Lentzen](#), "Prediction method - Vibration"
